PYJAMA PARTY

SWIZZLE STICKS HAIR COMPANY

Dearest. Crazy 8's,
It has come to the attention of the "Swizzles" at
— "Swizzlesticks", that you two are stepping down.
We were wondering?... Do you prefer something
in "American Tourister" or "Samsonite" for your
trip to the Deathmore... Clinic. We hear the
"rolling hills" are lovely this time of year.

P.S. Congrats to the new. Ermps. ?? (THE NELLIE NINES)??

If there's a wrong way to do it, a wrong way to play it, nobody does it like me!

Well, the first part isn't very accurate, but those last five words say a lot.

I always have maintained, the bigger, the better, and I am the biggest Empress Edmonton has ever had. Well, now that I've seen to it that no past Empress will ever talk to me again (and possibly several of the future ones) It's time to get even more serious.

The person who will talk to me again, no matter what I say or do is sitting next to me tonight. He is, Of course, Ric, my Emperor (Yes, Ron, I do mean mine).

Rick- nothing I can say or do can express what you have come to mean to me. The year we have worked together would have been impossible, if not for you. Truly, you are the one.

Those of you who have worked with me this year know who you are. Thanks for putting up with me, I know that a lot of times it hasn't been easy. I sincerely hope that the rip-roaring parties and good times have left you with at least a few good memories of me.

Special Thanks to Pat, Con, & John. You know why: it's been fun.

Michael T., I won't sleep with you either, but I want my job back! Thank you Michael, You gave me the chance to prove others wrong. I think, in all Honesty, that I have. Again, Thanks.

For the people of Edmonton's Gay community I save most of my gratitude. You are the ones who have supported me and made me what I am. I hope that I have been an Empress that you have enjoyed, but please remember the work will go on with others and if we don't take care of ourselves, who the fuck will??

Again, I thank you all and leave you with these last words: " What's the matter Princess ?"

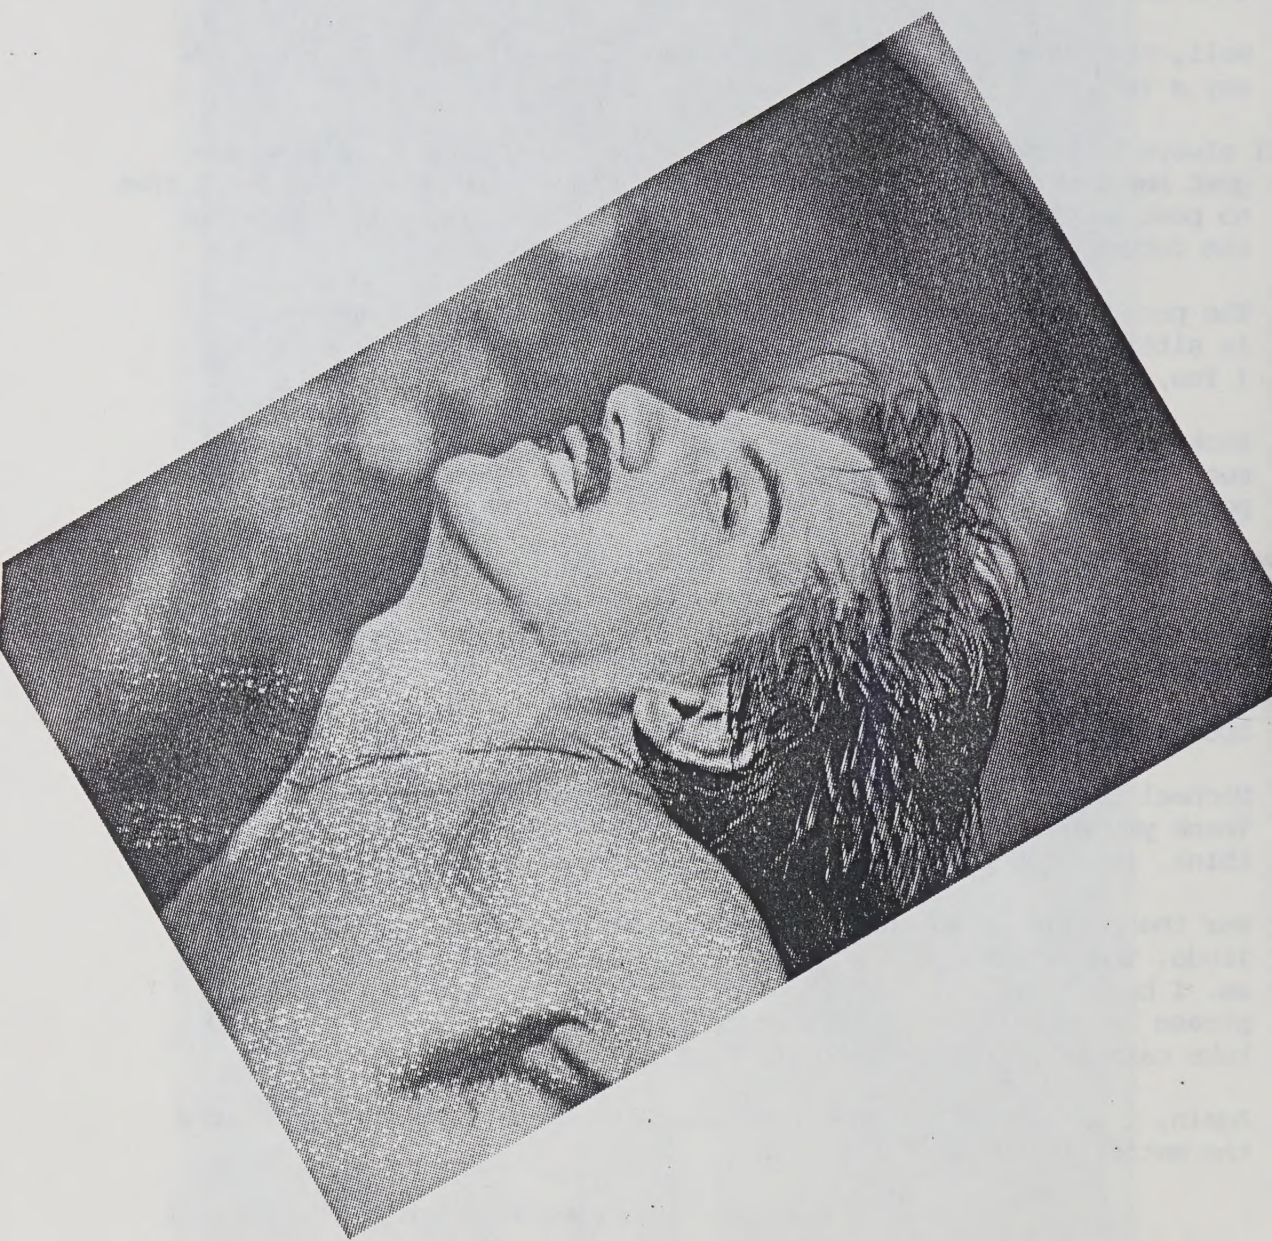

I remain with Love & Respect

MORE DRAUGHT ANYONE???

As I hoped I met many new people - ~~no~~, friends - and I got to know some old friends even better.

Some of these people need mentioning;

Ronnie- You've put up with more than most would, I love you.

Ross & Tony- I'm sure the 3 of us have driven each other crazy-and back several times- but no matter, clean the kitchen, will you?

Amy- You are almost as cranky as I am!!!

Czar 8 Greg- You were my only choice.

Czarina 8 Lexy Con- Wish you were here, we all miss you.

Brenda- Who could ask for a Better friend.

Lori- I'm going to squish you like a bug!

Sister Neon- The Grand Duchess of Slugs Ultima says THANKS!

Bobby- You've got to tell me about the tanning oil! It's driving me crazy !!

FLASHBACK- Micheal & John you have been most supportive, Thank You.

BOOTS & SADDLE- Pat & Con, it would'nt have been the same without your support as well, Thank you too.

To all those who supported us at our many functions throughout the year, I say Thanks. And remember we've had just as much fun as you as well asdrinking just as much beer at the Beer Bashes.

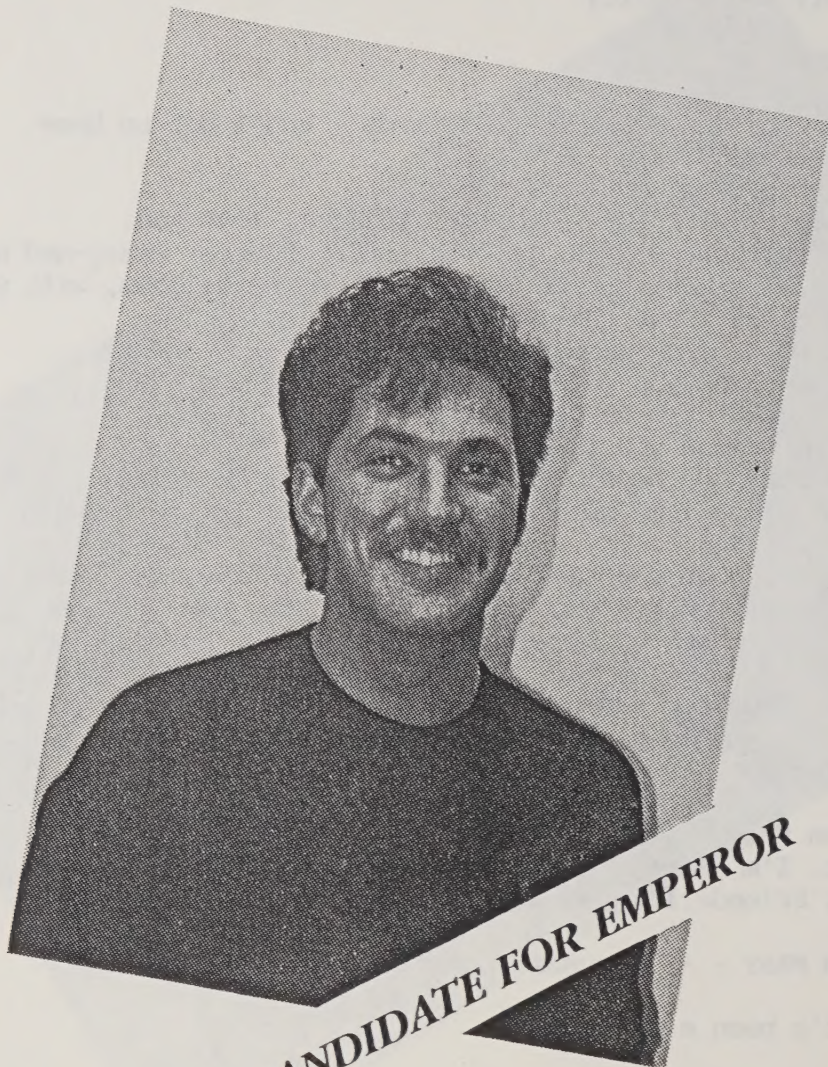

And to my empress Mary Mess- What can I say ? You've been my friend and my confidant. I'm grateful I had the chance to get to know you as well as I do. Friends like you don't come along every day.

IT'S BEEN A BASH MARY - - See you at the Betty Ford Centre.

THANKS GANG - It's been a party !!

VOTING PROCEDURES

This year Voting Procedures were as follows:

Voting was conducted at supervised booths at Flashback, Boots & Saddle, and at Different Strokes. The voting boxes were then stored at the Holiday Inn until they were counted. The counting was conducted By the reigning Emperor & Empress with a controlling agent provided by the staff at the Inn. The tabulated votes were destroyed, and the tabulated results were placed in the hotel safe. The envelope containing the results will be placed in the care of the M.C.'s tonight and given to Mary and Ric at the end of the evening, when they will be announced

Dear Polymorphedous Personifications of Venezualans

The wheather here is fine as long as you like boa constrictors.
We've been enjoying our stay, and what would you like for dinner Blanche?
And by the way your bird died!

Our son Tillicent Von Rickmitchellhausen has us most pleased, having set up his own business in the designer scrub brush industry and having made a big sucess of it. She seems to hold important seminars for the disabled of thinking at his workshops every year, and conducts the "aftersales drinking with the Clients" instructional lecture all on her own(which is not bad for someone whom we were afraid was born mentally efficient)

And by the way Blanche we have rats in the basement ! Do you need these roller skates? Ithink I might sell them!
From the beginning it was Our daughter Mary whom We had to be most stern with. After the Chemotherapy she would often insist on taking her wig off in public and embarassing his younger sisters who did not have bald heads of their own. And then she took to avoiding drugs and became severly dependent on Whole Wheat Fibre. Whats the matter Blanche? What Bird? I don't see a Bird! But all was to the best in the end. Our Mary grew up to make both her father and her mother proud. in the tradition, started by her Grandmother the once venerable, but now only yesterdays tabloid news Harry Star/Strand she has established an image that is not only contradictory but downright offensive. For this we salivate her. And Blanche, By the time I get back, that seagull's ass will be halfway across the Pacific!!
